- Goldwater Scholarships:
We have nominated one student for the Goldwater Scholarship and we anticipate nominating one student for the NCAA Post-Graduate Scholarship in spring and one for the National Health Services Corps Scholarship.

As of this date in 2013, 30 students have received a total of 44 acceptances to 19 different medical schools; 11 students have received 20 acceptances to 9 different dental schools; 1 student has been accepted to optometry school. Since numerous students are still interviewing at doctoral-level health profession schools, the number of acceptances will continue to increase throughout the spring and summer.

Education for Justice Program has planned and sponsored a variety of events and activities during the Spring 2013 semester:

Over Intersession, there were six faculty led travel courses that took fifty-five students to Guyana, India, Mexico, the Philippines, Slovakia, and Uganda. The courses were led by thirteen faculty members. Currently, we have fifty-one students studying abroad.

After a very successful fall semester we are about to launch the spring semester. The community is enthusiastic about the offerings, our membership is growing and we are exploring the possibilities of an outreach program in the summer.
