

As a condition of approval, the school shall submit a copy of the course syllabus to the school superintendent for review and approval. The school superintendent shall review the syllabus for compliance with the standards and shall approve or disapprove the syllabus. If the school superintendent disapproves the syllabus, the school shall revise the syllabus and resubmit it for review and approval. If the school superintendent approves the syllabus, the school shall implement the course as approved.

III. Procedure for Approval of Sections of Existing Courses

The school superintendent shall review and approve or disapprove the sections of existing courses. The school superintendent shall review the sections for compliance with the standards and shall approve or disapprove the sections. If the school superintendent disapproves the sections, the school shall revise the sections and resubmit them for review and approval. If the school superintendent approves the sections, the school shall implement the sections as approved.
